04/02/01

Pete:

Please review the 3 matters described below and get back to me about them:

1. I reviewed Jerry Murray's E-mail received on 03/26/01 concerning patent application #3.

Please prepare patent application #3 for signature and forward it to me.

Please note that if this cannot be done before this Friday, 04/06, please forward the package to Melissa Suarez, my associate, who will get the signature(s) and send the package back to you.

2. Have you had the opportunity to review the RapidMoney comments from Jerry Murray?

I need your input to finalize our approach.

3. There's a new competitor in the money transfer market place operating as Moneytel, Inc.

Can we stop them from using this name as confusingly similar to UniTeller?

Please confirm receipt of this E-mail and let me know when I can expect a response to each of the 3 items.

Zeke
